Material Safety Data Sheet

The Euclid Chemical Company

EUCOSLIP VOX - 55 GAL DRUM

Version 1 REVISION DATE: 02/21/2006 Print Date 07/03/2007

SECTION 1 - PRODUCT IDENTIFICATION

Trade name Product code	: EUCOSLIP VOX - 55 GAL DRUM : 079V 55
COMPANY	: Euclid Chemical Company 19218 Redwood Road Cleveland, OH 44110
Telephone	: 1-800-321-7628
Emergency Phone:	: U.S. only: 1-800-255-3924 International Users Call Collect: 1-813-248-0585
Product use	: Coating

SECTION 2 - HAZARDS IDENTIFICATION

Emergency Overview

Clear. Liquid. May cause moderate irritation to the respiratory system. May cause nausea, headaches, and dizziness. May cause drowsiness, weakness, and fatigue. Move to fresh air. If required, artificial respiration or administration of oxygen can be performed by trained personnel. Leave area to breathe fresh air. Avoid further overexposure. If symptoms persist, get medical attention.

Acute Potential Health Effects/ Routes of Entry

Inhalation	:	May cause moderate irritation to the respiratory system. May cause nausea, headaches, and dizziness. May cause drowsiness, weakness, and fatigue.
Eyes	:	Vapor and/or mist may cause eye irritation. Direct contact may cause temporary redness and discomfort.
Ingestion	:	May cause irritation to the mouth, throat and stomach. May cause gastrointestinal irritation, nausea, and vomiting.
Skin	:	May cause moderate irritation.

Aggravated Medical Conditions

Pre-existing eye, skin, liver, kidney, and respiratory disorders may be aggravated by exposure.

Chronic Health Effects

Reports have associated repeated and prolonged occupational overexposure to solvents with permanent brain and nervous system damage. Intentional misuse by deliberately concentrating and inhaling contents may be harmful or fatal. Prolonged or repeated contact/exposure to aromatic petroleum distillates may cause defatting, drying, and irritation of the skin, dermatitis, and central nervous system (CNS) effects. Fillers are encapsulated and not expected to be released from product under normal conditions of use. Prolonged or repeated exposure to mineral spirits (petroleum naphtha or stoddard solvent) may cause defatting, drying, and irritation of the skin, dermatitis, central nervous system (CNS) effects, and adverse liver, kidney, and lung effects. **Target Organs:** Skin, Eye, Lung, Liver, Kidney, Nerve, Reproductive

SECTION 3 - PRODUCT COMPOSITION

An **RPM** Company

The Euclid Chemical Company

EUCOSLIP VOX - 55 GAL DRUM

Version 1

REVISION DATE: 02/21/2006

Print Date 07/03/2007

Chemical Name	CAS-No.	Weight %	
Mineral oil	64741-89-5	> 60.0	
Stoddard solvent (Mineral Spirits)	8052-41-3	15.0 - 40.0	
1,3,5-Trimethylbenzene	108-67-8	1.0 - 5.0	
1,2,4-Trimethylbenzene	95-63-6	1.0 - 5.0	

SECTION 4 - FIRST AID MEASURES

Get immediate medical attention for any significant overexposure.

Inhalation	: Move to fresh air. If required, artificial respiration or administration of oxygen can be performed by trained personnel.Leave area to breathe fresh air. Avoid further overexposure. If symptoms persist, get medical attention.
Eye contact	: Flush with water for at least 15 minutes while holding eye lids apart. Get medical attention immediately.
Skin contact	: Clean area of contact thoroughly using soap and water. If irritation, rash or other disorders develop, get medical attention immediately.
Ingestion	: Do not induce vomiting unless advised by a physician. Call nearest Poison Control Center or Physician immediately.

SECTION 5 - FIRE FIGHTING MEASURES

Flash point Method	:	105 °F, 41 ℃ Tag Closed Cup
Lower explosion limit	:	0.01 %(V) Solvent
Upper explosion limit	:	6.00 %(V) Solvent
Autoignition temperature	:	Not available.
Extinguishing media	:	If water fog is ineffective, use carbon dioxide, dry chemical or foam.
Hazardous combustion products	:	Smoke, fumes.Carbon monoxide and carbon dioxide can form.Nitrogen oxides can form.
Protective equipment for firefighters	:	Use accepted fire fighting techniques. Wear full firefighting protective clothing, including self-contained breathing apparatus (SCBA).Water may be used to cool containers to minimize pressure build-up.
Fire and explosion conditions	:	Vapor concentrations in enclosed areas may ignite explosively.Product may ignite if heated in excess of its flash point.Vapors may travel to sources of ignition and flashback.Closed container, may burst when exposed to extreme heat.Empty containers may contain ignitable vapors.

SECTION 6 - ACCIDENTAL RELEASE MEASURES

Use appropriate protective equipment. Avoid contact with material. Remove sources of ignition immediately. Stop flow of material if safe to do so. Contain spill and keep out of water courses. Ventilate area.

Material Safety Data Sheet

The Euclid Chemical Company

EUCOSLIP VOX - 55 GAL DRUM

Version 1 REVISION DATE: 02/21/2006 Print Date 07/03/2007

SECTION 7 - HANDLING AND STORAGE

Prevent inhalation of vapor, ingestion, and contact with skin eyes and clothing. Keep container closed when not in use. Precautions also apply to emptied containers. To prevent generation of static discharges, use bonding/grounding connection when pouring liquid. Extinguish all ignition sources including pilot lights, non-explosion proof motors and electrical equipment until vapors dissipate. Personal protective equipment must be worn during maintenance or repair of contaminated mixer, reactor, or other equipment. Keep container closed when not in use. Vapor may migrate to sources of ignition. Do not smoke, weld, generate sparks, or use flame near container. Store in sealed containers in a cool, dry, ventilated warehouse location.

SECTION 8 - EXPOSURE CONTROLS / PERSONAL PROTECTION

Personal protection equipment				
Respiratory protection	: Wear appropriate, properly fitted NIOSH/MSHA approved organic vapor or supplied air respirator when airborne contaminant level(s) are expected to exceed exposure limits indicated on the MSDS. Follow manufacturer's directions for respirator use.			
Hand protection	: Use suitable impervious nitrile or neoprene gloves and protective apparel to reduce exposure.			
Eye protection	: Wear appropriate eye protection.Wear chemical safety goggles and/or face shield to prevent eye contact. Do not wear contact lenses. Do not touch eyes with contaminated body parts or materials. Have eye washing facilities readily available.			
Protective measures	: Use professional judgment in the selection, care, and use.Inspect and replace equipment at regular intervals.			
Engineering measures	: Use only in well ventilated areas. Provide maximum ventilation in enclosed areas.Use local exhaust when the general ventilation is inadequate.			

Exposure Limits

Chemical Name	CAS Number	Regulation	<u>Limit</u>	Form
Mineral oil	64741-89-5	ACGIH TWA: ACGIH STEL:	5 mg/m3 10 mg/m3	Mist.
Stoddard solvent (Mineral Spirits)	8052-41-3	ACGIH TWA: OSHA PEL:	100 ppm 2,900 mg/m3	
1,3,5-Trimethylbenzene	108-67-8	ACGIH TWA:	25 ppm	
1,2,4-Trimethylbenzene	95-63-6	ACGIH TWA:	25 ppm
